tech is the winner of the Corona Chamber of Commerce Award of Excellence in Service. Service is a concept often lacking in the auto repair industry, but our vehicles are so crucial to our daily lives that finding a good mechanic ranks right up there with finding a physician you can trust. Neither is easy, but both are critical.

As the owner of a family-owned business, Harvey takes great pride in treating every customer of Harvey's Autotech, a certified NAPA auto care center, like a member of his family. He has been providing his own brand of personalized service to auto repair and maintenance clients in Corona since 1991. His mechanics hold the ASE (automotive service excellence) designation, equipping them to make major and minor repairs on both foreign and domestic automobiles.

But although Harvey and his team are "able" to perform repairs of every type, his clients can rest assured that they will not be presented with a "laundry list" of problems every time they bring in their car. Harvey explains, "I live and work in Corona and I run into customers at the grocery store and at local restaurants--that can be good or bad and we do our best to make sure our customers have experiences that they are happy with. We still have customers who came to our shop the first week we opened."

Harvey stands behind his work, and beyond that, clients of Harvey's Autotech

have access to NAPA auto centers nationwide should a repair performed by Harvey require immediate attention while they are out of town.

The reaction of Harvey's customers is perfectly addressed in one of the testimonials that can be found on his website, [www.harveysautotech.com](http://www.harveysautotech.com). Dick Graham shares, "Quality of work, value for the price and honesty--these I have come to expect at Harvey's Autotech!"

Harvey's Autotech is located at 521 W. 6<sup>th</sup> St., Corona. Call (951) 737-9878 for an appointment.

## **Citrus City Grille** *Award of Excellence in Retail*

The winner of the Corona Chamber of Commerce Award of Excellence in the Retail category is Citrus City Grille, which overlooks some of the most beautiful scenery that the lakes at Dos Lagos offer. Whether you enjoy patio dining, a casual happy hour at the bar or an elegant food and wine pairing, you'll find that Citrus City Grille fits the bill.

From the warm, retro décor to the fact that owners, Steve and Agatha Tsirtsis, are on hand to greet you and to help you plan your special event, you'll recognize that Citrus City Grille "is not the typical restaurant where you eat and leave," says Agatha. "It is one where you immerse yourself in the experience and enjoy the time you spend with us."

The Corona location of Citrus City Grille is the third for the Tsirtsises; they also have locations in Riverside and their flagship location in Old Towne Orange. They opened in Corona last year in a challenging economic climate, but they have been creative in developing ways to encourage Corona residents to visit them.

"We have the perfect venue to host both large and small events, including a gorgeous back patio overlooking the lake," says Agatha. Although they staunchly refuse to compromise their quality in response to economic challenges, they have instead added some lower-priced items to the menu and introduced 3 p.m. to closing Happy Hour daily.

They have recently introduced a unique brand of entertainment, Citrus City Cabaret. It is held on the first Sunday of each month
