## Peppermint Partner Corner

I FIRST FELL IN LOVE with the residents of Peppermint Ridge over thirty years ago as a young man in Boy Scouts. For two consecutive summers, my troop went to summer camp at Camp Emerson in Idyllwild at the same time as the troop from The Ridge. For whatever reason, my troop befriended the Ridgers to a greater extent than the other troops. That stuck with me until the time that I was a rookie fire-fighter for the Corona Fire Department. While at the fire station on Magnolia Avenue, I would often see some of the same Ridgers that I went to summer camp with waiting at the bus stop to go to work. I would go out and say hello and the bond was instantly re-struck! A couple of decades later, I was invited to get involved with The Ridge as an event organizer, board member and donor. I couldn't help but say yes and re-establish my connection and partnership with this great place! – *David Waltemeyer*

WE'VE HAD THE JOY of being “partners” since its inception. It's been exciting to watch Peppermint Ridge grow from serving six little boys to more than 100 men and women today! We've admired how the staff sees each client as a treasure, accepting them as they are and always seeing the possibilities within each person. – *Pat and Byron Light*

I'VE ADMIRER PEPPERMINT RIDGE and what it does since the 1970s. Taking care of the Ridgers can be very challenging at times, but whenever I've seen the staff interact with the residents, they've always been gentle and kind. And the way the professional staff strives to help each one attain his or her potential is amazing. I support their work on a monthly basis because the residents of The Ridge deserve the opportunity to have a fulfilling life. – *George Guyante*
